chapter2 (it's more then a book store and gift shop): Chapter2 (Your online shopping destination in Pakistan) provides a wide range of products including school stationery, gifts, party supplies, art supplies and gift shop. We believe

in our products and services and that is why our customers trust us. Whether it is stationery, party supplies, school bags, perfumes or art supplies, we have everything you need. Do you have

an ideal party in your mind? We have fairy lights, smoke bombs, Holi colors and electric annars.

This is where you can find all the things you need for a birthday or a wedding: balloons, gift baskets, mehndi and nikkah decor, engagement trays, and even nikkah contracts. Additionally,

we have normal items (like doodh pillai glasses and party poppers) but you can always rely on us

because we always try to do better than what is expected of us.
