Price: **50 000,00 R**

White family for young black men: Hello we hope this email finds you well. We are a white family looking to have a discreet clean black male to introduce our underage daughters to the joys of BBC sex, and to train them as sex slaves and breed them black if you are willing? Please let us know what you think? We are willing to pay well for this, even a live-in position with full salary if you are interested? moonchild@musician.org
