White Couple, cuckold for BBC, looking to "Go Public" with lifestyle: White cuckold couple for BBC, looking to "go full public" with the lifestyle, not looking to be discreet or hide anything. We want everyone to know, we want you to show them. Looking for aggressive pushy younger black men willing to be VERY affectionate in public, touching, groping, kissing, as far as you think we can get away with. In front of general public audience, our friends and family and neighbors, who ever. We want the fact that the wife is open for BBC to be obvious to everyone. Willing to go as far as getting Queen of Spades tattoo in very publicly visible places. Let us know how you would like to approach this. Not looking for just one guy, either, multiple bulls welcome. As long as you're comfortable taking her out in public, with him watching in tow, and making it obvious to anyone watching. Make me yours and show everyone. Will gladly travel anywhere in SA to experience this, or will pay your travel expenses here.
